

*"Whom shall send, and who will go for us...." Isaiah 6:8*

Dear Praying friends,

This past trip to the Dominican was great. I was able to see the hand of the Lord at work. There was a total of 29 people saved while I was there. God is working in San Pedro. The first week I was there a medical team visiting from West Virginia had set up a clinic in the church. There were around 1000 Dominicans that came through to get medical help. Each of them received medicine for them as well as their children and they were grateful for the help. As I began to think about the physical needs of these people the Lord showed me that unless we help these people with their spiritual needs we have really done nothing to help them.

After the medical team left I had a chance to go out into the city and see the people. Once again God showed me my ministry. God gave me a greater burden for these people. They walk around the streets with no hope of improving their current social or financial status. You can see on their faces the longing for something more.

I was able to talk with Doug, the team leader, about some of the future plans for the team. He asked me to pray about moving into a girls home and being the "house mom." The house would be for girls 15-18 years old. This is something I am praying about and look forward to seeing how the Lord will open doors and lead. I do look forward to getting back down there for good. But I know the Lord is still preparing me and has me here for a reason. I have about 50 percent of my support raised and trust the rest will come quickly. Thank you for your faithful prayers and financial support.

Working together for Christ,  
Bethany Melrose
